### **KAM Announces Train Server® 2.4 Release**

**KAM's latest release provides combines innovative technology with  
with Windows CE devices**

**Hillsboro, Or Oct 5, 2001 – KAM Industries today announced Train Server 2.4 release, the follow-on to the popular Release 2.3. The software, which is fully Digital Command Control (DCC) compatible, has new enhancements to aid the serious model railroad hobbyist.**

**KAM's software will support wireless and mobile users using the popular Windows CE devices. Users will now be able to operate their model railroad layout with any Microsoft based palm PC device.**

**The software will be distributed to all KAM's customer as part of its warranty upgrade program and is available to all customers. KAMS software may be freely download from [www.traintools.com](http://www.traintools.com). Users will be able to see a variety of demos of KAM's growing product line.**

**Train Server 2.4 provides support for the leading DCC command stations including Digitrax, Easy DCC, LGB Multitrain, Lenz, Marklin, Northcoast Engineering, Wangrow and ZIMO systems.**

**Product includes application CD-ROM, Engine Commander user manual, NMRA proposed API standard for applications, and the software development tutorial for Visual Basic, Visual C++ and MS Java. All software supports Windows 9.x, Windows NT 4.0 and Windows 2000, and Windows XP operating systems.**

**"KAM continually strives to provide those features that are the most requested by our customers", said Matt Katzer, founder of KAM Industries. "With this release, we believe we have included more tools needed by the serious hobbyist."**

**KAMs product family includes Engine Commander® suite, Layout Commander Suite®, and Computer Dispatcher®Pro. All of KAMs products are fully compliant with the NMRA proposed API standard.**

**The software will be available on October 30 from KAM's web site (<http://www.kamind.com>) or direct from KAM Industries at (503) 291-1221. Train Server development kits is priced at \$99. Customers who have purchased any of KAM's products will receive an upgrade free of charge.**

**More information on Engine Commander is available from the KAM Industries web site at <http://www.kamind.com>. KAM Industries ([www.kamind.com](http://www.kamind.com)) is dedicated to bringing the best hobbyist experience to the computerized model railroad layout.**
